## SCUBA AND SNORKELLING CENTRE

The PADI Bubblemaker program introduces scuba diving to children between the age of 8 and 10 and allows them to experience the underwater world for the first time! It's a great opportunity to see whether they like scuba diving. If they do they can then progress on to the PADI Seal Team.

Under close supervision, children swim around on scuba in our heated swimming pool! They have the chance to play with loads of underwater toys including a Frisbee, torpedo, and the 'James Bond' style underwater scooters!

### **Prerequisites**
