

## EMERGENCY OXYGEN PROVIDER

The Emergency Oxygen Provider educates the general diving (and qualified non-diving) public to better recognise possible dive-related injuries and to provide emergency oxygen first aid while activating the local emergency medical services (EMS) and / or arranging for evacuation to the nearest available medical facility.

The Emergency Oxygen Provider can count as a specialty towards your Master Scuba Diver award.

## COURSE DESCRIPTION

The course is classroom based and takes approximately 4 hours. It covers:

- What is Oxygen
- The benefits of Oxygen
- Oxygen First Aid – Near drowning, AGE and DCS
- The O2 Kit and Mask options
- Scenarios

The course is ideal for all UK Divers, Rescue Divers, Dive Masters and beyond who need to understand fully what to do in a diving emergency. Oxygen training is an HSE requirement for each 'at work dive party' teaching in the UK.

## COURSE PRICES:

Emergency Oxygen Provider	£130
Emergency Oxygen Provider + Rescue Diver + EFR	£479
Emergency Oxygen Provider + Rescue Diver Referral + EFR	£379

Emergency Oxygen Provider course includes tuition, student pack and certifications.
