

## SCUBA REVIEW

Are you a certified diver, but haven't been in the water lately? Are you looking to refresh your dive skills and knowledge? Are you a PADI Scuba Diver or referral student diver and want to earn your PADI Open Water Diver certification? If you answered yes to any of these questions then PADI Scuba Review is for you.

## COURSE DESCRIPTION

There are two sections to the Scuba Review - knowledge review and a confined water skills review.

The Knowledge Review segment covers the basic safety information you learnt during your Open Water training. You use the Scuba Tune Up guidebook to independently test your knowledge.

The confined water skills review allows you to practice the basic scuba skills. With the guidance of a PADI Instructor or Divemaster you have the chance to update and fine tune your diving skills.

We can run scuba reviews most Friday evenings at Putney Leisure Centre, or occasionally on Saturday afternoons or Sunday mornings in Surbiton.

## PREREQUISITES

- You must have proof of diver certification or be enrolled in a scuba training program
